

**A report on National Pharmacy Education Day-2025 organized on the topic
“Entrepreneurship & Startups in Pharma and Pharmacy Practice: Encouraging
Innovation, Incubation Centers, and Pharmaceutical Startups” at The ICFAI
University, Himachal Pradesh**

The Faculty of Pharmaceutical Sciences at The ICFAI University, Himachal Pradesh, organized National Pharmacy Education Day-2025 titled “Entrepreneurship & Startups in Pharma and Pharmacy Practice: Encouraging Innovation, Incubation Centers, and Pharmaceutical Startups” on March 06, 2025. The purpose of the event was to encourage innovation, research, and entrepreneurship in the pharmaceutical field; to foster industry-academia synergy; to bring together academicians, researchers, and industry leaders; to share insights on the future of pharmaceutical entrepreneurship.

Prof. Shweta Agarwal, Principal, Faculty of Pharmaceutical Sciences, inaugurated the event with insightful remarks, emphasizing the significance of entrepreneurship & startups and promoting innovation and incubation centers.

The event featured poster making competition and power point presentations based on the theme. The convener of the event Prof. Disha Arora along with department's faculty members Dr. Ashima Thakur, Mr. Sushant Salwan, Ms. Swati Pal, Mr. Ashish Jain collectively dedicated their efforts to ensure the event's success, exhibiting great enthusiasm throughout the event.

The Honorable Vice Chancellor of The ICFAI University commended the department for organizing such a significant event. The Registrar of The ICFAI University also extended best wishes for the event’s success. This initiative aligns with the university's mission to foster an environment conducive to learning and innovation.
